## NIC ASIA Capital Completes its First-Ever "Personal Finance & Investment Masterclass" targeting Nepalese Diaspora residing in Doha, Qatar

NIC ASIA Capital has for the first time successfully conducted a program on "Personal Finance & Investment Masterclass" targeting Nepalese residing outside Nepal which was held on 10<sup>th</sup> July 2026 in Doha, Qatar.

NIC ASIA Capital since its establishment has been regularly conducting various programs under its Corporate Social Responsibility (CSR) initiatives, with the sole objective of enhancing and educating capital market and financial literacy among students, professionals from varied sectors as well as the general public within the country.

In keeping with this endeavor, NIC ASIA Capital organized a financial literacy and interaction program on "Personal Finance & Investment Masterclass" in collaboration with "Way To Success Consulting and Training Center, Nepal and Way To Success FZC LLC, UAE" on 10<sup>th</sup> July 2026 at Gloria Hotel & Suites, Doha, Qatar targeting the Nepalese diaspora, under the slogan "Earn Abroad, Build Assets in Nepal. The sole objective to conduct this program was to provide awareness and educate the Nepalese diaspora on capital markets and investment opportunities in Nepal. This program was specifically conducted in Qatar as more than 350,000 Nepalis are engaged in foreign employment as well as the fact that their financial and capital market literacy appear to be at a lesser extent.

The program conducted by the officials of the Capital provided detailed information, interactions and led discussions with Nepalese on topics relating to the overall capital market, including but not limited to;

- Diaspora Account Solutions
- SIP, IPO, Share, Demat & Meroshare Accounts
- Asset Management in the Nepalese Capital Market
- Connecting the Global Nepalese Diaspora to Opportunities in Nepal
- Idea to IPO: Beyond the Border

Likewise, the program, also highlighted on topics including: Initial Public Offerings (IPOs) offered to the migrant workers; processes and key considerations on such applications, major areas to look into when investing in mutual fund units and enrollment in Systematic Investment Plan (SIP) along with its long term benefits; considerations when trading securities in the secondary market; investment opportunities available in Nepal and the process for Nepalis residing there to invest in Nepal; how to remit money earned abroad to Nepal through legal channels; and the various investment avenues available in Nepal. The program witnessed an active participation of more than 140 Nepalese engaged in foreign employment as well as the Nepalese business personnels in Qatar.
